

MCK555A

Humidification vs. Air volume

Humidification vs. Relative Humidity

Operating Condition	
Power source	220-240V/220-230V 50/60Hz
Temperature and Humidity setting	JEM 1426
Temperature	20°C
Humidity	30%
Humidity setting	High

Operating Condition	
Power source	220-240V/220-230V 50/60Hz
Air volume	Turbo
Humidity setting	High

Measurement condition on terms : 20°C in temperature
30% in humidity. (JEM 1426)
