

RKCB-CV3

LEGEND

- * : Optional
- # : Field supply
- A1P : Main PCB
- A2P : Current loop PCB
- E6H : PHE heater tape
- E7H : Expansion vessel heater
- Q²DI # : Earth leakage circuit breaker
- R6T * : external outdoor ambient sensor option
- TR1 : Power supply transformer
- X*M : Terminal strip
- X*Y : Connector
- PCB3 : service PCB
- M2S # : Shut-off valve

Hydro switch box layout

Notes

X4M : Main terminal, - - - - : Earth wiring 15 : Wire number 15, - - - - - : Field supply ① Several wiring possibilities

Option, : Wiring depending on model : Switchbox : PCB
