

LRYEQ-AY

		Model
Option		Converi-Pack
Digital pressure gauge kit		LRYEQ16A7Y1
Central drain pan kit (2)		BHGP26A1
Communication box		KWC26C450
		BRR9A1V1
Snowbreak hood (1)	(a) Air outlet	KPS26CS04T
	(b) Air inlet (Rear)	KPS26CS04B
	(c) Air inlet (Left)	KPS26CS04L
	(d) Air inlet (Right)	KPS26CS04R
	(a+b+c+d) Kit	KPS26CS04
Refnet header		KHRQM22M29H8
		KHRQ22M64H8
		KHRQM22M75H8
		KHRQ22M20T8
Refnet joint		KHRQ22M29T9
		KHRQ22M64T8
		KHRQ22M75T8
		DSC601CS1
ITouch Controller		DCM601A51

Notes

- 1 Snowbreak hoods are field-supplied. For technical drawings and more information, contact your dealer. It is recommended to install a snowbreak hood when regular snowfall occurs.
- 2 In cold areas, provide a drain pan heater (field supply) to prevent drained water from freezing up in the drain pan.
