4TW25797-3C

NOTES

1 These figures assume the following operation conditions:
indoor and outdoor units:
   - equivalent pipe lenght: 7.5 m
   - level difference: 0 m
2 Depending on operation and installation conditions, the indoor unit can change over to freeze-up operation (indoor de-icing).
3 To reduce the freeze-up operation (indoor de-icing) frequency it is recommended to install the outdoor unit in a location not exposed to wind.
