

Low noise operation performance specifications

The capacity and efficiency ratios are calculated with reference to the nominal operation specifications.

- LN1: Low noise level ·1·
- LN2: Low noise level ·2·
- LN3: Low noise level ·3·
- LN4: Low noise level ·4·
- LN5: Low noise level ·5·

	Capacity ratio
LN1	90%
LN2	75%
LN3	60%
LN4	45%
LN5	30%
